IDEAS FOR DAY TRIPS

Castles & parks in spring and autumn
Benrath Castle (5km from the hotel), built in the style of the late French rococo, impresses with its huge castle park which is dominated by a 470m long reflective pond. Along a short round way you can stroll to the parterre garden and the Orangery to the hunting park past exotic and rare trees and bushes like Judas Tree, Sequoia, Bald Cypress, Ginkgo and Japanese Cedar.
The castle has three museums. You can find out about the cultural history of gardens from ancient times until now and there is an extensive collection of furniture and porcelain.
In the middle of a picturesque landscaped garden is water castle Dyck (approx. 30km from Benrath Castle). Exotic bushes and 200-year-old tree groups give the park the character which makes it one of a kind in Europe. Themed and patterned gardens at the entrance alternate with avenues and shady woodland paths.
Every year in spring the »Castle Spring« brings thousands of plant enthusiasts, garden lovers, lifestyle fans and families into the park of Dyck Castle. At Easter the flower and garden stalls are complemented by an Easter market.
We also recommend a castle tour.

A country excursion
Bergisches Land
With its 12 dams and lakes, the Bergisch region has more dams than any other region of Europe and is a paradise for hikers, cyclists and nature lovers. Small villages with timber-framed and slate-fronted houses are dotted around the idyllic landscape.
A prominent sight is the cathedral Altenberger Dom. It dates back to the 13th century and is used by both catholic and protestant worshippers. The west window, depicting the heavenly Jerusalem, is the biggest church window north of the Alps. Famous for church music the cathedral hosts over 100 concerts per year. (cathedral tour recommended)
IDEAS FOR A
3-DAY-PROGRAMME

Combine the many well-loved destinations of the Rhineland and the Bergische Land for new outstanding trips.

What would you like to offer your customers?
A relaxed boat tour on the Rhine, sightseeing on foot or by bike in Düsseldorf or Cologne or shopping in the cities.
Not only are the cities attractive. There is plenty to see, experience and enjoy in the region. Tours through the beautiful landscapes, walks in unspoilt countryside, visits to extraordinary castles and buildings. In the afternoon a delicious Bergische coffee spread »Bergische Kaffeetafel«, in the evening hearty Rhineland specialities crowned by the taste of locals beers. You have to make time for a tour of the Düsseldorf old town too, which is called »the longest bar of the world«. You can’t miss that!

IDEAS FOR DAY TRIPS

UNESCO World Heritage: Berlin & Potsdam
The Museum Island in Berlin is one of the most outstanding museum estates in Europe. It presents archaeological findings, paintings and sculptures of different periods. The six »Housing estates of the 1920s« (built between 1919 and 1934) define clear and new forms. The listed buildings are important witnesses of the social housing in this time and the whole 20th century. On the other hand you can find Prussian lifestyle in lavish variety in Potsdam. The castles and gardens in Potsdam, the Sanssouci parks, Neuer Garten and Babelsberg with their castles, the Sacrow Castle and Park, the Russian Colony and many other venues are all listed as UNESCO World Heritage sites.

City, history & unspoilt nature Berlin – Potsdam – Spreewald
Offer your customers a charming mix of opposites. Cosmopolitan, lively Berlin with its numerous sights and exciting modern history. Potsdam with magnificent buildings, castles and playful parks takes your customers back into times of the Prussian king Friedrich the Great. The next day is all about relaxing in the biosphere reserve Spreewald. The pleasant boat tours through the Spreewald take you across slow-flowing waters and past park-like landscapes and idyllic Spreewald houses. The Spreewald’s maze-like network of canals is unparalleled in Europe.

Start the boat tour in Schlepzig, Lübben or Lübbenau, the Venice of Brandenburg. Tour tips:
- Schlepzig: guided tour at the Spreewald Private Brewery 1788 including tasting session.
- Lübben: Spreewald gherkin seminar, gherkin bike path, explore the Spreewald in a rented kayak.
- Lübbenau: castle Lübbenau and outdoor museum Lehde.
What is the priority for your guests?

There is the modern Berlin with a tour of the Reichstag, plenary hall and cupola or the historical Berlin with the Brandenburg Gate, the Gendarmenmarkt and the Dutch Quarter. A very interesting way to get away from your normal city tour is to take part in a tour that illuminate the darkest time during the Nazi regime in Berlin.

The best way to get to know Berlin is during a guided tour. These are offered on foot or for the more active on bicycles.

IDEAS FOR DAY TRIPS

Trips to Dresden and Leipzig
Everywhere in Dresden you can feel the 800-year history of this great and impressive city on the River Elbe. Famous sights such as the Zwinger, the church Frauenkirche, Brühlische Terrassen, the Grüne Gewölbe (Green Vault) and the impressive Dresden Castle are the sights you should not miss. Of course there is also the Baroque Castle Moritzburg with its big castle park, lakes, canals and gardens. You should definitely make time to see the national park Sächsische Schweiz (Saxon Switzerland)!

Lovers of music and culture are drawn to Leipzig. Famous destinations are among others the Bach museum, Old Town hall, Churches Nikolaikirche and Thomaskirche, the Monument to the Battle of Nations (Völkerschlachtdenkmal Leipzig) and the Grassi museum. Also well worth a visit are the Panometer Leipzig (360° panorama) and Leipzig Zoo.

There are many typical food specialities in these cities. As well as Baumkuchen (tree cake) and during Christmas the original Dresden Stollen (fruit cake) there are also the Leipziger Allerlei (vegetable mix with crayfish) and Leipziger Lerchen (mini tarts filled with marzipan).

UNESCO world heritage site
Montanregion Erzgebirge/ Krušnohoří

In July 2019 the German-Czech Montanregion Erzgebirge/ Krušnohoří (Ore Mountains) became part of the UNESCO world heritage. Get to know the beautiful region with 17 sites on the German side and 5 sites on the Czech side. Together they show a cultural landscape characterised by mining. Visit:
- Oelsnitz/Erzgebirge
- Mining area Annaberg
- Mining area Freiberg
- Historic old town of Marienberg

The picked monuments, natural and cultural landscapes together epitomise the most important mining areas and eras of Saxon-Bohemian ore mining. Every site consists of different single objects or landscapes, of these there are about 400 in Saxony.
